Shawn Ainsworth moved to approve the July 11, 2017 minutes for the Planning Commission meeting as written, Cynthia Grant seconded. All members were in favor.

The Town Manager's office requested that the Planning Commission review the draft version of Hardwick's Hazard Mitigation Plan. HPC members were forwarded copies of the draft, as well as the FEMA review. After discussion, the Commission reached consensus that the plan was not complete in its current form. Many details are missing. Cynthia Grant made the motion to recommend that the plan be returned to NVDA for further development. Diane Grenkow seconded the motion. All members were in favor.

The current Planning Commission members did not participate in the planning component of the Hazard Mitigation plan. The Planning Commission would provide participants for future planning sessions.

The Commission will begin Municipal Plan work at the next scheduled meeting – September 12, 2017.

The motion to adjourn was made by Jim Lewis and seconded by Shawn Ainsworth. All were in favor. Board adjourned at 7:30 pm.

Respectfully submitted, Kristen Leahy, ZA
