

Town of Hardwick  
Select Board Policy  
on  
Yellow Cautionary Signs

The Town of Hardwick Public Works Department will order and install yellow cautionary signs, as long as a private party pays for the sign and agrees to have it installed in an acceptable location once the sign has been paid for. The Town of Hardwick has no responsibility to replace the sign if it becomes deteriorated or stolen and reserves the right to remove any sign located in the public right-of-way.

This policy is not intended to preclude the Town of Hardwick from installing any yellow cautionary signs prescribed by law.
